INTRODUCTION

This report presents data on Department of Defense (DOD) prime contract awards over \$25,000 for research, development, test, and evaluation (RDT&E) made to educational and nonprofit institutions during Fiscal Year (FY) 1985. The data are presented in three tables, each of which lists contractors alphabetically and gives the net value of all awards to the contractor as well as the value of the awards to each of the contractor's locations, where applicable. Table 1 covers awards to educational and other nonprofit institutions in the United States, Table 2 covers awards to U.S. government agencies, and data on awards to foreign institutions and government agencies are provided in Table 3.

NOTES ON COVERAGE

The dollar amounts shown here include prime contract awards over \$25,000 for RDT&E work only. Data on awards for other services, such as training, and on any supplies furnished by the contractor in support of research being done are excluded. Contract awards for civil functions are included in these data. Civil functions encompass planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power production, water supply, and other related activities.

The locations shown in the tables are the sites where the work was to be performed. Normally, this is a facility of the institution awarded the contract. However, if the work was scheduled to be performed at a Defense facility, such as an Air Force base, the location shown is that of the Defense facility rather than the institution.

DATA RELATING TO COMPANIES IN THIS PUBLICATION ARE SUBJECT TO THE ACCURACY OF THE DUN & BRADSTREET CORPORATION'S DATA UNIVERSAL NUMBERING SYSTEM AND ITS ABILITY TO DESCRIBE RELATIONSHIPS OF COMPANIES.

HIGHLIGHTS

The following table shows the number of institutions receiving contracts and the net value of the awards, by type of institution, for FY 1985 and FY 1984.

* Amounts in millions.

In FY 1985, educational and nonprofit institutions received DOD prime contract awards over \$25,000 for RDT&E totaling \$2,562 million compared to \$2,168 in FY 1984. This represents a increase of \$394 million or 18.2 percent. Awards for foreign institutions had the largest percentage increase of all institutions, increasing from \$30 million in FY 1984 to \$64 million in FY 1985, an increase of 113.3 percent. Awards to U.S. government agencies increased in amount of awards but dollar volume did not change. Awards to U.S. institutions increased from \$2,117 million in FY 1984 to \$2,477 million in FY 1985, a increase of 17 percent.

The following chart presents the percentage of dollar amounts for the various types of contractors receiving RDT&E awards:
